

WHAT IS A TEAM?

A TEAM is your student led/student run sports club united in faith.

Lessons are focused on our Game Changer T-E-A-M Values:

TEAMWORK – EXCELLENCE - AUTHORITY - MATURITY

What makes up a TEAM?

- Your TEAM name will be TEAM _____. (students choose name)
- A Captain and Co-Captain are necessary to start. Your TEAM will also include the Marketing Director, Outreach Coordinator(s), and Treasurer.
- Your TEAM requires an on-campus advisor. Two usually works best.
- An off-campus advisor such as a youth pastor or Coach is also welcome.
- All students are welcome to attend! Being an athlete is **NOT** a requirement.

Steps in TEAM building (order and flexible and not all steps are required)

- Interested students and advisors are identified.
- Students and advisors organize an informational meeting to present GCSM and our TEAM program.
- GC leadership will assist your TEAM through approval at your school.
- On a college campus, teams must receive approval from the individual in charge of student activities or clubs, as well as endorsement from the Student Government.
- We will assist students in writing a full constitution if needed for approval.
- We will assist in setting up and using social media to promote your TEAM.
- Your core Bible verse is selected by your launch TEAM.
- We recommend a display at your school's club fair or during lunch to promote your TEAM.
- An initial meeting is scheduled, and elected positions are reviewed.
- Student elections then take place at the following meeting.
- Training is scheduled for elected student leaders and advisors.
- Attendance at training for elected students is required.
